

The Osteria Morini wine program focuses on native flavors and varieties, and the bar program showcases Italian spirits, beers & our signature Negroni Cocktail List.

The wine list centers sustainable wines from small, family-operated wineries who prioritize environmental protection, social responsibility, economic feasibility, and the highest-quality wine production. As grapes are grown, harvested, and made into wine, a multitude of environmental factors are prioritized.

Levels of sustainable winemaking as marked within our wine list:

 **SUSTAINABLE**

All ingredients and tools are sustainably sourced to ensure continued availability for future generations.

 **ORGANIC**

No synthetic fertilizers, herbicides or pesticides are used in production; no sulphur is added.

 **BIODYNAMIC**

Organic plus holistic farming that relies on lunar, solar, and planetary positions is practiced.
