

A GREAT PLACE ...IF YOU CAN FIND IT!

On the Shrimp Docks
in Beautiful Downtown
Stock Island, Florida
(305) 293-4041

WELCOME! Unless you live here, you will only find this hidden gem on a tip from a local. But once here, you will know instantly that this is the place for REAL Seafood Lovers! The "charm" we offer is that you will experience the style of what the Lower Keys used to be... before the nightlife and carnival atmosphere took over.

KICK BACK & RELAX with us here next to the ocean and enjoy the most refreshing beverages while savoring the most delicious, freshest seafood... just unloaded from the same boats you can watch coming in and out of port! You'll never forget the pleasure of peeling & eating Key West Pink Shrimp... or the delight of digging into our house specialty, Fried Hogfish, which (when available from local divers) has a light & delicious Scallop-like flavor, served on slices of fresh Cuban Bread. STAY A WHILE and have a drink. Enjoy the live entertainment as the best local musicians sing & play your favorite music on weekends.
